MANUFACTURE AND DESIGN SECURITY SEALS

YASH SEALS PVT.LTD.

We are pleased to introduce ourselves as one of the fastest growing Indian manufacturers of tamper-proof security seals with strong customer base that specialized in innovative and customized security solutions which helps the industrial & business enterprise to exercise effective control in the broad field of security by providing wide range of security seals preventing contamination or pilferage.

We strive to become worldwide reference point for tampering evidence solutions for the security of our customer's assets.

We will continue to develop, innovate and improve tamper indicative technologies to promote a better life for society with higher ethical standards.

Our expertise & experience of providing security solutions could help you to identify, authenticate & meet your needs in the field of

Security

Preventing unauthorized visual access to secure against contamination.

Logistics

Additional security & traceability throughout the supply chain to safeguard against theft

Identification

A combination of secure closure with the additional authentication of a corporate logo and Barcode Serial nos.

Control

Process ensuring the veracity of information and preventing attempted fraud

Products

Printing of Logo & individualization as desired by customer with non-repeat serial numbering make each seal unique and cannot be replaced even by own employees of the customers, if they desire to do so.
